

Unknown Scout

Have you ever heard the Scout slogan, *Do a good turn daily*? Have you ever wondered why you should do it?

In 1909, a man by the name of William Boyce was lost in the foggy streets of London. An unknown scout, while doing a good turn, helped Mr. Boyce find his destination. When he was offered a tip to thank him for his help, the unknown scout refused. This scout explained that he wouldn't take money for helping Mr. Boyce, because he was a Scout and was doing a good turn.

When William Boyce returned to America, he founded the Boy Scouts of America. You are reading (hearing) this today, because of the good turn that this Scout did. Little did this scout know that this simple act of helping Mr. Boyce find his way would lead to the creation of the BSA, an organization that has impacted over one hundred and ten million lives! Scouts should always take the time to do a good turn. Although your good turn may be small, it, too, could change the lives of one hundred and ten million others!

The Unknown Scout demonstrated the Power of One! What are you doing to make a difference?
